Ryan had taken a picture of the dog almost as soon as the mutts name had come out of Professor Graham's mouth. The group chat had been flooded with nothing but speculation about the professors personal life since The Man (capitols intended) had come in and his ex, Diana, had stayed behind to spy on them.

Ryan hadn't watched the video that had sparked the initial interest in Graham's gay lover. He didn't usually respond to the group chat anyways and he didn't know the Levi guy very well, so it hadn't seemed important then.

Now, there are actual monetary (and non-monetary) bets about their professors life happening. Ryan's keeping up with the new intelligence now.

So, of course, when he noticed the man sat on a bench in the dog park that Ryan typically takes the local dogs he walks, he stayed close enough to keep an eye on Graham and also not be noticed.

Three minutes later, his phone buzzes with a new message in the class group chat.
